Professional Summary

Frontend Developer with hands-on experience building and deploying React applications using TypeScript and Tailwind CSS. Independently built 2 end-to-end web applications from UI architecture to production deployment, focusing on responsive design, reusable components, and performance. Fast learner with strong ownership and problem-solving skills, seeking a Junior or Internship Frontend Developer role to contribute and grow within a professional engineering team.

Core Skills

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frameworks & UI:** React.js, Tailwind CSS, Framer Motion
- **Tools:** Git, GitHub, Vite, npm
- **Development:** REST API Integration, Responsive Design, Component-Based Architecture, Accessibility, Performance Optimization

Project Experience

Agency.ai — Frontend Developer (Independent Project)

Jul 2026

- Built a 6+ section AI agency website from scratch using React and Tailwind CSS, translating a design concept into a responsive production-ready interface.
- Developed animated page transitions and interactive UI components using Framer Motion to create a smooth and engaging user experience.
- Created reusable components for navigation, hero sections, cards, forms, and other UI elements to keep the codebase consistent and maintainable.
- Implemented responsive and mobile-first layouts across mobile, tablet, and desktop breakpoints.
- **Live:** agency-ai-five-coral.vercel.app

Personal Portfolio — Frontend Developer (Independent Project)

Mar 2026

- Designed and built a responsive personal portfolio using React and Tailwind CSS to showcase projects, technical skills, and experience.
- Optimized layout, assets, and component structure for a fast and consistent experience across mobile, tablet, and desktop.
- Managed the full project independently from planning and development through testing and production deployment.

Key Strengths

- **Ownership & Accountability:** Take responsibility for projects from planning through delivery.
- **Problem Solving & Adaptability:** Break down challenges, learn quickly, and adapt to changing requirements.
- **Team Collaboration:** Communicate clearly, contribute ideas, support teammates, and work effectively toward shared goals.

Education

Bachelor of Science in Computer Science & Information Technology (BSc.CSIT)

2023-Present

Tribhuvan University, Mahendra Multiple Campus, Nepalgunj

- 6th Semester | 3rd Year

+2 Science

2020-2022

Holyland English Secondary School, Nepalgunj
